

WINDSHIELD DAMAGE SURVEY

Windshield Damage Assessment Survey			
Ref.	Category	Subcategory -- Wind or Earthquake	Subcategory -- Water Damage or Flooding
	<b>REFERENCE</b>	In this area indicate the area or Grid that was assigned Thomas Bros page & Grid or GPS or Other description as provided	
1.1	Fire - Burning	Fire, any situation	
1.2	Fire - Out	Fire, extinguished	
1.3	Hazard - Gas Leak	Smell of Gas	
1.4	Hazard - Water (H2O) Leak	Water Main Broken, House Main Broken	
1.5	Hazard - Electrical	Down Wires or Power Lines	
1.6	Hazard - Chemical	Sewer Leaks or any chemical spill	
2.1	Structure - Affected "Light"	Superficial Damage; Broken Windows; Cracked or fallen plaster; Main damage is to contents	
2.2	Structure - Minor "Moderate"	One (1) wall damaged; Roof missing or damaged. Repairable	Utilities flooded; piers/foundation shifted; Water touched or soaked at the bottom boards, but did not enter the primary living area.
2.3	Structure - Major "Heavy"	Substantial Structural Damage to Walls, Roof, Foundation, etc. Repairable	Water soaked bottom boards and the primary living area. 2 to 5 feet of water in first floor Piers/Foundation washed out or away
2.4	Structure - Destroyed "Heavy"	Partial or full collapse; Building or Mobile Home is off foundation,	Greater than 5' of water on first floor. Not on its piers or foundation, mobile home has bent or twisted frame;
3.1	People - Injured # or "Y/N"	Reported or observed. Estimate number if possible, and/or put something in <b>Notes</b> .	
3.2	People - Trapped # or "Y/N"	Known or likely, as in a collapse apartment building. Estimate number if possible, and/or put something in <b>Notes</b> .	
3.3	People - Displaced # or "Y/N"	OK, but shelter is not useable. Estimate number if possible, and/or put something in <b>Notes</b> .	
4.1	Roads - Damage	Obstructions	
4.2	Roads - No Access	Roads blocked, sink holes or torn up; down, cracked, or impassable	Bridge
5.1	Loose Animals/Other	Large animals Horses, Cattle, Dogs, Snakes etc. Or other incidents: accidents; loitering; looting;	
	<b>NOTES</b>	Additional comments about the area	

For each Reference Section ( Fire; Hazards; Structures; People, Roads) if you find one condition in that group, enter the number "1" in the appropriate column, enter "0" in the remaining columns in that section. Example: if you have a building with Moderate damage, the entry for the Structures section should be: Structures: 0 , 1 , 0 . If reporting your findings by radio, provide information in the same left to right sequence as the columns on the form: For example: "Net Control, this is Windshield 2 with an update." NC: "Go ahead Windshield 2." "This is for (address) One Six Zero Zero Begen (NOT sixteen hundred). Building, zero, one, zero; comments, chimney has fallen." Only report the sections that have an entry; thus if there are no Hazards note, don't report that section.
